Location of camp: 21726 Placerita Cyn. Rd.
 Santa Clarita, California 91321
 (Workshops will be at the Reese Center, which is the most easterly campus building
 On Placerita Canyon Road with its own parking lot and outdoor area).

Camp will be held on the beautiful Master's College Campus. We will be using air conditioned classrooms in the Reese Center and its surrounding park like grounds. There is plenty of shade under large oak trees and the building overhang. It is in a quiet and peaceful rural setting and is a safe place for your children (there is 24 hr. campus security).

We only hire teachers who have integrity and good morals and character qualities. Our teachers are all fingerprinted with the DOJ and TB tested.
